Expertise and Industry Leadership

Developed North Carolina Rehabilitation Code Evaluation Matrix on going
Winston-Salem, North Carolina

Working closely with the Winston-Salem/Forsyth County Inspections Department, developed a matrix method of approaching Rehabilitation Projects that quickly identifies issues and possible solutions in the rehabilitation process, creating a base for further discussion between both the Property Owners and the Inspections Department.

Member of Change-of-Use Task Force

Winston-Salem, North Carolina

The Architect member of The Change-of-Use Task Force, a Winston-Salem community group of Commercial Real Estate Agents along with key members of The Winston-Salem Inspection Department and Planning Department staff, and a local Contractor, streamlined and clarified the Change-of-Use process. This group successfully created several changes that were implemented by the City of Winston-Salem.

Architectural Experience

Owen Architecture, pllc 1996 - present
Winston-Salem, North Carolina President / Principle Architect

Specializing in commercial architecture in and around western North Carolina, while paying particular attention to the rehabilitation, adaptive reuse, and repurposing of older buildings. Since the inception of the North Carolina Rehabilitation Code Owen Architecture has completed over 100 code reviews of older buildings for new uses, many of which have gone on to be completed and made viable commercial endeavors.
